HR DATA ANALYSIS:

- Conducted comprehensive HR data analysis, focusing on key metrics such as employee demographics, job roles, salary distributions, and retention trends.
- Developed and maintained interactive dashboards using Excel, Power Query, and Pivot Tables, providing clear visual insights into employee statistics.
- Identified significant gender pay disparities and provided actionable recommendations to promote equitable pay practices.
- Analyzed educational qualifications and their impact on salary, offering insights to inform recruitment and development strategies.
- Presented findings and recommendations in a detailed report tailored for non-technical stakeholders, aiding in data-driven decision-making to optimize staff performance and reduce attrition.

SALES DATA ANALYSIS:

- Led the analysis of sales data to track and analyze online sales across multiple branches, contributing to a 30% increase in sales and business growth.
 - Created dashboards and shared insights that helped clients make informed, actionable decisions.
- Assessed sales performance, identified trends, and recommended strategies to improve sales efficiency and customer satisfaction.

KEY ACHIEVEMENT:

- Enhanced data-driven decision-making processes for HR and sales teams.
- Successfully communicated complex data insights to non-technical audiences, driving organizational improvements.
- Demonstrated strong analytical and technical skills in Excel, Power Query, and data visualization.
